## VOLCANO UNDER FARM CONFERENCE

Threatens to Erupt With Devastating Political Effect if Relief Program Isn't Produced

PROGRESSIVES DISSATISFIED

Manifest Much Bitterness at Composition of Various Committees—Rebuff For "Bloc"

By JAMES T. KOLBERT  
(U. P. Staff Correspondent)

Washington, Jan. 24.—A volcano is crumbling under the placid surface of President Harding's agricultural conference. It threatens to erupt with devastating political effect if the conference fails to produce a constructive program of agricultural relief.

Support of this program, it is understood has been pledged by the National Grangers Federation, the Penna State Grange, the National Non Partisan League, the Montana Society of Equity, the Farmers National Council and other agricultural organizations. It is planned that the conference will be a "purely negative political program."

Much bitterness is manifest among the progressives at the composition of the various committees of the conference. They charge the committees appointed by a committee selected by Secretary Wallace is loaded with reactionary delegates. This, however, will not balk the progressives who plan to bring in minority reports on every question that does not meet their approval.

One delegate a financial power in New York and prominent during the last two years of the Wilson administration plans to take a leading part in the battle on the side of the progressive element.

President Harding's slap at the agricultural bloc yesterday in his address to the conference, drew a sharp rebuff from all of the farmer elements. J. R. Howard, president of the American Farm Federation Bureau issued a statement today in which he declared:

"The farmers of the nation are, and will continue to be squarely behind the bloc and its members. Congress has seldom given serious consideration to the needs of agriculture. For fourteen years we advocated packer control legislation and almost as long government support."

## DAMAGE SUIT GOES TO JURY AT 3 P. M.

Few Witnesses on Stand in Case of Goldyn Grigsby Against T. H. I. & E. Traction Co.

PHOTOS OF CROSSING SHOW

The damage suit begun in the circuit court here Monday of Goldyn E. Grigsby against the T. H. I. & E. Traction Company, was handed to the jury shortly after three o'clock this afternoon for their deliberation upon a verdict, in which the plaintiff is seeking \$10,000 damage for the loss of her husband, Sherman Grigsby, who was killed in an accident near Greenfield.

The case was sent to this county on a change of venue. Only a few witnesses were used by both sides during the trial, as only one eyewitness to the accident was on the witness stand. The plaintiff based the case on grounds of neglect on the part of the traction company.

Photographs of the National Road with the traction track running parallel also were shown, in an effort to bring the facts clearly before the jury. The victim drove the truck onto a side road leading off of the National highway, and failed to see the approaching car. The defendant maintained that the truck driver was at fault, and should have used diligence and care before making the fatal turn.

## TO BE WARMER WEDNESDAY

Cold Tonight But Rising Mercury Wednesday is in Sight

Indications for rising temperature Wednesday, were reported today by the weather observer for this area, although just how much warmer it will be, was not listed in his report. The cold will continue tonight, according to his statement, and the lowest for this section of the state will be from 5 to 15 degrees above zero. Cloudy weather also will precede the warmer weather on Wednesday, he asserts.

Last night the mercury at Maury reached 4 above zero, according to Elwood Kirkwood, and came within 3 degrees of equalling the record of the night before. The sharp wind today made it seem colder, although at noon the mercury was near 14 degrees.

## PASTORS GUESTS OF ROTARY CLUB

Nine M. E. Ministers of Connersville District Attend Group Leaders Meeting Here

THREE OF THEM SPEAK

Emphasize Importances of Carrying Christianity Into Three Phases Of Activity

Nine Methodist Episcopal ministers of the Connersville district, who were here today at the call of Dr. John M. Walker, district superintendent, attending a meeting of group leaders, were guests of the Rotary club at the noon luncheon, and three of them made ten minute talks on the relationship of Christianity to various problems.

J. W. McFall, D. D., pastor of the First church at Connersville, spoke on "Carrying Christianity Into Social Life," the Rev. L. L. Martin of Liberty, "Carrying Christianity Into Business," and the Rev. E. H. Boldrey of Shelbyville "Carrying Christianity Into International Relations."

Other pastors present were L. C. Murr of the West Street church, Shelbyville; Albert Bennett of the Grand Avenue church, Connersville; R. R. Cross of Milroy; L. H. Kendall of New Palestine; F. T. Taylor of Glenwood and Clyde C. Black of this city. Besides these, William Tiebner of Indianapolis, claim agent of the Terre Haute, Indianapolis & Eastern Traction company was also a guest.

The Rev. Mr. Boldrey, who spoke first, said prejudice, suspicion and greed kept nations from working together on friendly terms and that application of the truths of the Christian religion was the only solution to the problems which confront the world.

He pointed to the many evidences of old hatreds that still exist despite efforts to get the nations of the world together in peace and harmony.

The Rev. Mr. Martin of Liberty gave the results of some investigations he had made regarding the application of the golden rule to business and showed that it had been highly successful.

The Rev. Mr. McFall said that the world would never grow better until its citizenry improved and asserted that the home, the school and the church are the three agencies which will be instrumental in making people better.

## U. S. WILL NOT TAKE PART

Washington, Jan. 24.—Belief that the United States will not participate in the Genoa economic conference was expressed today by Senator Brandegee, Connecticut, who stated that he had conferred with President Harding on the matter.

## FORD CONTRACT READY

Washington, Jan. 24.—The contract between the war department and Henry Ford for the Muscle Shoals Nitrate project was completed today and sent to Detroit for the automobile manufacturers' signature. As soon as it is signed and returned Secretary of War Weeks will send it to congress.

## PREMIER SET FOR WEDNESDAY NIGHT

"Oh, Oh, Cindy!" Regarded Far Superior to Any Home Talent Production Ever Attempted

PACKED HOUSE IS PROBABLE

Scenery And Costumes Arrive. And Final Dress Rehearsal Will be Held This Evening

The big show is to have its premier Wednesday night. Keen anticipation of something unusual is reported by people of Rushville today; and the seat sale thus far lends credit to the statement. "Oh, Oh, Cindy," which is one of the very latest productions of the John B. Rogers Producing Company, the organization which has directed the production, is far superior to the usual entertainment staged by amateurs. Members of the American Legion which is sponsoring the affair, declare themselves to be quite satisfied with the generous patronage of Rushville people so far; and capacity houses are expected both nights.

If you like a wealth of melody and color, artistic dancing and clever playing, you cannot afford to miss "Oh, Oh, Cindy." As in a dream one is carried from the stage of a metropolitan theatre to the jungles of a South Sea Island, and then to the magic Land of Heart's Desire. The show is little short of wonderful; and nothing that has ever been produced by local talent at previous times will in any way approach it. It is a professional show, done in a professional manner, by amateurs.

R. G. Wood, who has directed "Oh, Oh, Cindy," personally, states that everything is in excellent shape for tomorrow night's performance; and he asserts that he expects it to be the most successful premier that he has ever produced.

The scenery and costumes have arrived, and are entirely satisfactory. Both are elaborate and beautiful, and it is expected, will add much to the show tomorrow night. The final dress rehearsal will be held tonight at the Graham annex auditorium.

Although the seat sale has been unusually heavy, it was reported today that a few more for all performances were available. These may be procured at Orens Pharmacy; but those wishing them are urged to make their reservations early as the demand is great.

## IRREGULARITIES AT FRANKLIN CHARGED

O. H. Williams, State Teachers' Training Director, Places Responsibility on D. N. Sherwood

FALSE CERTIFICATES ISSUED

(By United Press)

Indianapolis, Ind., Jan. 24.—Irregularities in issuing certificates of teacher's training at Franklin college was charged today by O. H. Williams, state director of teachers' training.

The charges were based on the report of the committee which investigated the college and recommended that the certificates in question be withheld or revoked.

"We find that the responsibility for issuing these certificates rests with D. N. Sherwood," the report says. "We recommend that the authority vested in Franklin college to issue teachers' training certificates be extended until a new head of the teachers' training department is secured. However, this authority is not to extend over the second semester of the current college year if a new head of the college is not secured."

Williams expects everything to turn out satisfactorily. It was charged originally that certain professors were signing the names of other professors to certificates, stating that student teachers had taught when they had not done so. In some instances certificates were issued when the student had never attended the school except register, it was said.

## COURT BUSINESS GAINED IN 1921

County Clerk's Report Shows Gain in Almost Every Branch of Business in The Office

369 CIVIL SUITS ARE FILED

More Cases on Docket the First of Year as Compared With Previous Year—Marriages Decline

More business was handled in the county clerk's office during last year than the year before, according to a tabulation of data which has been completed by Loren Martin, clerk, and sent to Indianapolis, as required by the statutes in order to compile records of court business for every county.

The various county officers are compelled to make annual reports, and in the clerk's office the information this year was condensed as required in former years.

The list submitted stated that during 1921 there were 369 civil suits placed on file in the office, as compared with 289 for the year previous. Along the same line there were 350 cases disposed of during the year as compared to 280 for 1920.

The local court sent 12 civil suits to other counties on a change of venue during the year, and 8 cases were sent here from other counties for trial. In 1920 the county venued 10 cases and received five from other counties.

When court opened on January first, the local entry docket contained 212 suits which were pending trial, which showed an increase over the previous January first when there were only 149 cases left on the docket when court opened.

In the juvenile court there were 132 cases filed during 1921 and a similar number during 1920. The nature of these cases are not published, as it is prohibited by an order of the court.

In the probate court 88 letters of administration were taken out during the year just closed, as compared with 79 for the previous year.

Guardianships fell off in 1921 as compared with 1920, when last year 21 were issued and 25 for the year before.

Ten people were adjudged to be of unsound mind during the year, as compared with 13 for the year of 1920. In each case the person was committed to a hospital governed by the state.

The greatest deficit in the business of the clerk's office showed up on the marriage license book. Dan Cupid ran away behind last year when only 144 couples secured licenses to wed, as compared with 209 for the year of 1920.

## RECOGNIZES JAP POSITION AS VALID

Far Eastern Committee's Stand Means Troops Can Remain in Siberia For The Present

AMERICA DEEPLY INTERESTED

(By United Press)

Washington, Jan. 24.—The far eastern committee of the arms conference today recognized Japan's stand on the Siberian question as valid. This means Japanese troops can remain in Siberia for the present.

Secretary Hughes referred to the speech made by Baron Shidehara yesterday and made it clear, however, that the United States is deeply interested in any withdrawal of Japanese troops and adheres to the Japanese pledge as to evacuation of Siberia with respect to Russian integrity.

It developed this afternoon that the Pacific fortification clause—Article 19 of the naval treaty—has been adjusted. Under arrangements reached regarding the Bonin Islands, a potential Heligoland near Japan will be fortified.

## MAY FAVOR LAND LIMIT

Washington, Jan. 24.—The arms conference may go on record as favoring limitation of land armament as soon as practicable.

## MILROY PETITION DENIED

State Commission Refuses to Permit Increase in Gas Rates

(By United Press)

Indianapolis, Ind., Jan. 24.—The public service commission today denied a petition of the Peoples Gas company of Milroy for permission to increase rates from 20 to 40 cents per 1,000 cu. ft. Also it ordered the company to charge stockholders the same rate it charges patrons.

The hearing on the petition of the Peoples Gas Company of Milroy for an increase in rates was held in the court house here about a month ago by a representative of the state public service commission and the opinion was not made public until today.

## SHORT PRIMARY CAMPAIGN SEEN

Little Interest Shown Thus Far and No Candidates Appear, Though Names Are Mentioned

LONG BALLOT IS CERTAIN

In Addition to Many Offices to Fill Voters Must Choose Committeemen and State Delegates

Every indication points to a short primary campaign in Rush county this year. Although a few names have been mentioned in connection with the county offices to be filled, no hints have appeared in the ring and there are no indications that there will be any in the very near future.

There are two very good reasons for a short primary campaign. In the first place, the public does not care for a long, drawn-out fight and the voters are not interested in the contests until a week or two before the primary election is held. In the second place the average candidate favors a short campaign and is willing to accommodate the public in that respect.

The ballots at the primary will bear more names than at most other elections for at this time, not only will candidates be chosen for county and township offices, for state representative and senator, for congressman and for United States senator, but also precinct committeemen and delegates to state conventions are to be elected by each of the parties.

The mention of the probability of a long ballot recalls the story of an Indiana primary election a few years ago, when there were fifty-two candidates for justice of the peace in one township.

Because of the extraordinarily large Republican vote two years ago, Republicans generally will have more convention delegates to elect than ever in the history of the party. Under a new state law, enacted since women received the right to vote, each of the parties participating in the primary elections, will have one delegate for each 400 votes or fraction more than 200. Each city ward or each township will elect a delegate for each 400 votes cast in that ward or township for secretary of state on the Republican or Democratic tickets two years ago. The Republicans will elect 1,720 delegates, if the apportionment fixed at state headquarters, is approved by the state central committee when it meets in Indianapolis next Friday.

The Democratic apportionment has not been determined but this, question probably will be taken up at a meeting of the Democratic state committee February 16.

Candidates for delegates to the state conventions must file a petition, bearing the name of at least ten voters in their precincts, with the county clerk at least twenty days before the primary, in order to have their names placed on the ballots.

Republican and Democratic voters in each precinct in the state will elect committeemen. Persons desiring to be candidates for committeemen merely must file an application with the county clerk.

The parties this year are urging women to be candidates for both

## CHOICE OF POPE BETWEEN THREE

Cardinals Maffi of Pisa, La Fontaine of Venice And Ratti of Milan Most Likely Successors

MAY FALL OUTSIDE OF THESE

Opposition to Trio Might Result in Selection of Prelate Not Prominently Mentioned

Rome, Jan. 24.—Pope Benedict XV, on his death bed expressed the wish that Cardinal LaFontaine, patriarch of Venice, should succeed him according to Cavalieri Fazziani, Benedict's private chamberlain.

By HENRY WOOD  
(U. P. Staff Correspondent)

Rome, Jan. 24.—Choice of a successor to the Pope Benedict XV apparently lay among three cardinals today.

Cardinal Maffi, of Pisa; Cardinal La Fontaine of Venice and Cardinal Ratti, of Milan, were the three on whom the most attention was concentrated.

There were elements of opposition to all three of these candidates however, and it was regarded as within the bounds of probability that the final choice would fall to some prelate whose name has not yet been prominently mentioned.

Cardinal Merry Del Val himself mentioned as a possible successor to Benedict, was believed likely to oppose Cardinal Maffi. More opposition to Maffi was believed likely to arise from Vatican conservatives such as Gasparri, Papal secretary of state who is believed to disapprove his cordial relations with the Italian royal family.

The precedent that the secretary of state cannot be chosen to the papacy seems to be militating against the choice of Gasparri as successor to Benedict.

Popular deputy Difausto in an interview declared France was supporting Cardinal Mercier of Belgium for the papacy in hope of breaking the custom of choosing an Italian for pope. The Corriere Italia, however, describes this statement as "fantastic."

The Sacred college is now composed of eight cardinals created by Pope Leo XIII, twenty-five created by Pius X when Cardinal Merry Del Val was papal secretary of state. Thus Merry Del Val and Gasparri

## PROBE TO BE MADE INTO PALMER SALE

Exhaustive Inquiry Promised Into Transaction Involving Disposal of Bosch Magneto Plant

SALE PRICE TOO SMALL CLAIM

(By United Press)

Washington, Jan. 24.—An exhaustive inquiry into the sale by A. Mitchell Palmer, formerly alien property custodian and attorney general, of the Bosch Magneto properties which were seized by him for the government during the war, will be made by a federal grand jury in Boston, it was learned at the department of commerce today.

Although the department has been extremely reticent about the investigation of the case which it has been known to have been making for the last few weeks, definite information that the government desired to place the matter before the grand jury became known when T. W. Miller, present alien property custodian, stated that he had been subpoenaed to appear before it and submit all records of his office bearing on the transaction.

The Bosch property one of the largest of its kind in the country, was seized on the ground that it was enemy owned. Palmer in 1918 sold it to Martin E. Kern, Allentown Pa., for approximately four million dollars. Charges have been made before the department of justice by former owners that the amount was too small.

WORKS FOR CHILD  
MUST KEEP WELL

Mothers in a Like Situation  
Should Read This Letter  
from Mrs. Enrico

Chicago, Illinois.—“I took Lydia E. Pinkham's Vegetable Compound for a serious trouble. I had tried doctors and all said the same—an operation. At first I only felt the pain on my left side, but later I seemed to feel it on both sides. I am a power sewing-machine operator and have a little girl to support. I work in a tailor shop and that line of work has been very slack this year and I am home part of the time. I do not like to take any chances, so I consulted my friends, and one lady said, ‘Take Lydia Pinkham's medicine,’ so I did. I have felt better right along and am in good enough health to go to work. I recommend your Vegetable Compound and Sanative Wash to all.”—Mrs. MARY ENRICO, 459 N. Carpenter St., Chicago, Illinois.

Often the mother is obliged to support her children and good health is necessary. Lydia E. Pinkham's Vegetable Compound is just the medicine you can depend upon. It is a medicine for women's ailments and the relief it brought Mrs. Enrico it may bring to you. Keep well by taking Lydia E. Pinkham's Vegetable Compound.

LOUIS B. MAYER PRESENTS

ANITA STEWART

IN  
“THE  
YELLOW  
TYPHOON”  
BY HAROLD MacGRATH

The Girl and the Woman

Behind the Girl was the massed power of the Government. Her mission—hazardous in the extreme—tapped the very fountain of thrilling experiences.

Behind the Woman, the world-old power of captivating beauty and alluring manners. “The Yellow Typhoon” they called her in the Orient because of the wreckage she left in her wake — simple men who saw not her tigerish heart.

One day they met — the Girl and the Woman — like a lighted fuse and powder—and the issue between them was settled — as becomes the manner of the Female of the Species.

HAVE PLANS FOR  
MILK MARKETING

Farmers of 14 Counties Form Association With Dairymen to Stabilize The Price of Milk

CONSIDER LOWER PRICES

Would Reduce Difference in Prices Paid Producer And The Consumer—Creameries Interested

Indianapolis, January 24—Baby's bottle may be filled more cheaply; the farmer may do something more with his milk than throw it to the hogs and—

The earning power of “Old Bosy” may be increased under plans of the Indiana Dairy and Marketing Association, whose directors met here.

The association's purpose is to reduce prices paid the producer and the consumer, C. R. George, secretary, said.

To this end farmers in fourteen counties are cooperating in the marketing of their milk.

The cooperative operations center around Marion and Delaware counties, George said.

Another purpose of the association is to manufacture butter, cheese and other by-products of the milk that is wasted in dull times when the distributors refuse to buy, he said.

Creameries to take up the surplus

that is wasted will be established by the association, according to plans. Each member of the organization will thus be able to dispose profitably of the milk usually wasted.

Distributors get an advantage from the association because it can be in the position at all times to sell any quantity they want, and if the distributor's business becomes light the association can switch the surplus over to the creamery, George said.

Working together the farmers eliminate the expense of unorganized haulage and collection. The association has regular routes and schedules and regular systems of sales.

The creamery will operate on a cost basis and earnings will be prorated back to its members.

The directors are meeting today to procure more members. The membership fee is \$3 for five years.

COLDS

“Pape's Cold Compound” is  
Quickest Relief Known

Don't stay stuffed-up! Quit blowing and snuffing! A dose of “Pape's Cold Compound” taken every two hours until three doses are taken usually breaks any cold right up.

The very first dose opens clogged nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness.

“Pape's Cold Compound” costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—Insist upon Pape's!

ESCAPE WITH \$250

Muncie, Ind., Jan. 24—Two masked bandits held up Miles L. Hoover, postmaster and proprietor of the General Store at Wheeling, 9 miles west of here late, last evening and made their escape in an automobile taking with them \$250 in cash which they found in the cash drawer at the store and a gold watch belonging to Hoover.

EIGHT BURN TO DEATH

Grand Rapids, Mich., Jan. 24.—The bodies of Mrs. Adam Hall and her seven children burned to death in their cabin near Bendon, Michigan, were discovered today. Neighbors say they saw the fire Sunday night but did not respond because of the storm. Mrs. Hall was a widow.

### American Values

A persistent campaign has been in progress ever since the present tariff bill was proposed to change the method of the House Ways and Means Committee to assess imports according to the prices obtained in the American markets. The selfish interests always show up when a tariff bill is being enacted, and the exporters tried to make it appear

that the value of the goods in the foreign countries that produced them, should obtain. The "nigger in the woodpile" in this suggestion was that the goods would get into this country by paying only a fraction of the rate that would be collected under the American rates. Under the arrangement that has finally been agreed upon the wholesale selling price in the American market of American-made goods comparable to the imported articles will prevail. Where comparable goods cannot be found the rates will be fixed on a basis of the cost of the imported goods plus transportation charges, importers commissions and other charges.

Committee members are considering proposals presented by Senator Smoot of Utah giving the President authority, when conditions warrant to increase or decrease the rates written in the bill, or to proclaim American valuation in the case of give lists of imports or both. A depreciated currency proposition also is under consideration as a part of the whole general scheme.

### Price and The Feet

Officers of the National Retail Shoe Association have sprung a bomb upon the country. They assert that the feet of our charming women are gradually growing in size, and that as a consequence much larger shoes are in demand.

Scandalous! We never dreamed that an American man could be so ungallant!

Even if it were true, they should have said that "larger shoes are

more in demand, owing to the superlative wisdom of our enlightened and emancipated womanhood in declining to longer torture themselves by cramping their feet in shoes a size too small for them."

### Generosity Begins at Home

And now Associate Justice Clark of the United States Supreme Court solemnly assures us that we should cancel the eleven billions of debts the allied governments owe to us.

That would be generous, indeed. But we suggest to the learned justice and other advocates of cancellation that they combine and buy up these obligations, paying for them from their own private funds, and then surrender them to our foreign debtors—or touch a match to them. That would be even more generous. And for once our ordinary tax payers would not object.

Anyway, Rushville men are not worrying about the trouble they may encounter at evening parties stepping on the trailing skirts of women.

The world has forgotten about the fourteen points, but is looking forward to next spring with eager anticipations of the nine innings.

Siberia as a topic for the far eastern committee of the arms conference is entirely apropos, in view of the prevailing temperature.

Since skirts are to be longer for spring, some folks may wonder whether women will begin exposing their ears.

### From The Provinces

Mr. and Mrs. Carlton Chaney and sons Harold and Dempsey entertained about fifty of their friends and neighbors with a card party and dance at their home west of Glenwood Saturday night. At the close of the evening's entertainment a bountiful pitch-in supper was served. Miss Hazel Case of New Trenton, Ind., was the only out-of-town guest.

### Catch 'Em. But Can't Keep 'Em

(Chicago News)  
In Cook county hanging as a penalty for murder is hard to inflict. Some of our most capable murderers escape by becoming insane after being convicted, and others, becoming bored, walk out of the County Jail.

### From Legend to Reality

(Louisville Courier-Journal)  
A dozen years ago bandits were survivors of barbarism in Bulgaria and Thessaly and Morocco. Nowadays every American expects to meet one after dark if he has not met one before dark.

### A Sad Historical Fact

(St. Louis Globe-Democrat)  
One reluctantly looks back over all the constitutional amendments and perceives that not one was the success that was expected.

### She Wants the Middle, at Least

(Washington Post)  
China, as we understand her, will forgive the nations mistaking what was right if they will quit taking what is left.

### Tariff, Save This Child!

(Birmingham Age-Herald)  
And now the motion-picture industry is yelling for protection. Who will rush to the rescue of this bottle-fed infant?

### Sure Way to be Right

(Toledo Blade)  
First learn which side Senator La Follette is on and the matter of regulating one's mental processes is easy.

### New Year Hope For Ohio

(Houston Post)  
Ohio is a state destined to be greatly blessed this year. The voters are going to ditch Harry Davis.

### ONE OF THE BACK DISTRICTS

"You say he is an old-fashioned politician?"  
"Decidedly."  
"How does he manage to hold his job in this enlightened era?"  
"He comes from a section where the voters are in the habit of re-electing the same man to office as long as he lives and sometimes vote for him five years after he's dead."

### Decoyed.

"How did you happen to buy a motorcar?"  
"It was this way. I was reading a story in a magazine."  
"A motor romance, I suppose."  
"No, but it was carried over into the advertising section and right then I discovered a make of car I couldn't live without."

### Dangerous Aversion.

"Do you remember the old-fashioned copy book with the line, 'Honesty is the best policy'?"  
"Yes," replied Mr. Dustin Stax. "It was a mistake to make that line a copy book task. Some of the old-timers I have met in business evidently wrote it till they got sick and tired of it."

### Profitable Business.

"Who are these prisoners?"  
"Convicted 'moonshiners' on their way to the penitentiary."  
"Didn't I overhear one of them tell a friend not to forget to attend to a little matter at the bank?"  
"You probably did. He may have a little matter of \$50,000 or \$100,000 in the bank."

### Signs of Promise.

"I guess our boy Josh is going to be a genius," said Farmer Cornatossel.  
"Ain't the genius business kind of uncertain?"  
"A little."  
"Nobody seems to know exactly what a genius is supposed to do, or whether he can earn a living. That's why I think Josh'll be one."

HOW SHE MANAGED IT  
Oh Mrs. Wad, how is it that you are ready before your husband?  
Sh-h-h-h! I hid some of his things until I was completely dressed.

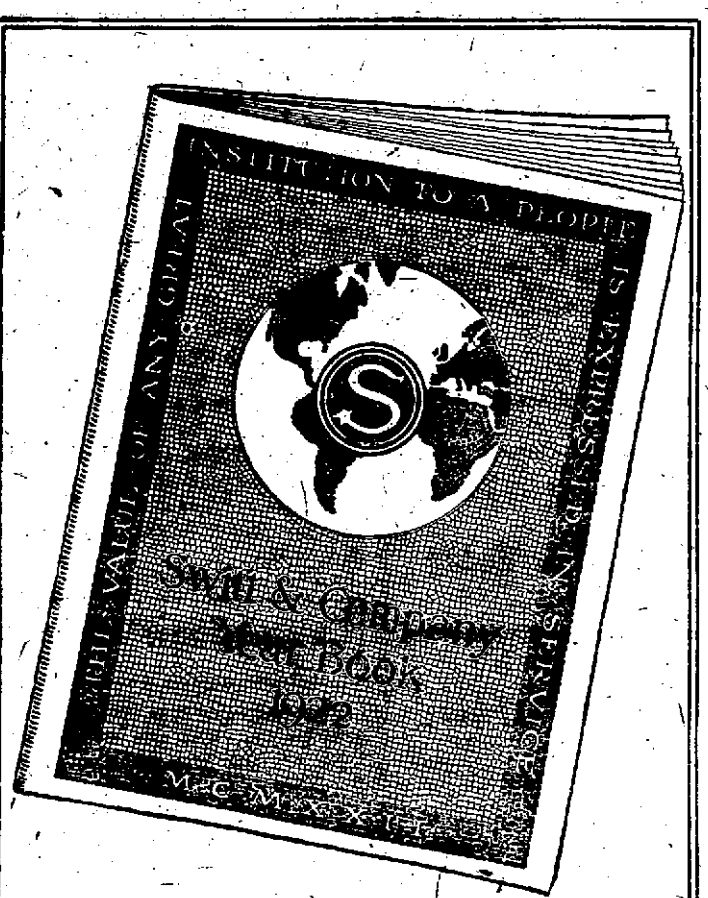

### A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color. These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system. If you have a pale face, yellow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results. Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit. 15c and 30c.

## GAME FOR FEBRUARY 17 HERE CANCELLED

Martinsville Will Not Play Return Game Due to Conflict With Tri-State Tournament

### TICKETS SOLD FOR FRIDAY

Word has been received by Coach Sutton of the high school basketball team, that the Martinsville high school will take part in the Tri-State tourney at Cincinnati on February 17 and 18, and Coach Curtis of the Martinsville team stated that it would be necessary to cancel the game at Rushville on February 17, which no doubt causes a disappointment to local fans.

Rushville was defeated by ten points at Martinsville early in the season, and they were expecting to even up in the game to be played here. It leaves an open date on the schedule for Friday night. Only two games remain on the home schedule, with Connersville here Friday and Oolitic here on February 18.

The locals will exert their utmost this week in practice for the fight here Friday night, and they expect to take the contest, making it the eleventh straight victory.

Advance tickets for admission for the Connersville game will go on sale Wednesday at Carons' Candy Kitchen, and these tickets will be good only at the west entrance. Persons buying tickets are restrained from buying more than five, which is done to prevent "scalping." One thousand tickets will be sold in advance, and in all probability they will be sold within a few hours.

### SPAULDING SELECTED

Minneapolis, Minn., Jan. 24—W. H. Spaulding, football coach of the Western Teacher's College, Kalamazoo, Mich., has been appointed head football coach at the University of Minnesota. Dr. H. L. Williams who has been in charge of football affairs of Minnesota for 22 years, will retire.

### STRANGLER LEWIS WINS

Nashville, Tenn., Jan. 24—Strangler Lewis won from Tom Draak here Monday night in a wrestling bout, the former champions deadly head lock putting his opponent to the mat.

## MAY NOT FIGHT GIBBONS

Carpentier Considering Abandonment of American Battle

Paris, Jan. 4—Georges Carpentier is considering abandoning plans for a fight with Tom Gibbons in America. The French battler is said to dislike the size of American rings and the weight of American gloves.

Instead of the Gibbons fight, Georges is negotiating for a fight in Paris with Nilles who would be a much easier opponent than the tough Gibbons.

Predictions that Carpentier might never meet Gibbons have been freely made in fistic circles here. The French champion has been credited with not desiring to risk further his French popularity by a possible defeat by Gibbons.

## SHORT PRIMARY CAMPAIGN SEEN

Continued from Page One

convention delegates and precinct committeemen.

According to the law, the precinct committeemen in each county will meet on the Saturday following the primary election and choose a county chairman and other officers. The county chairmen will meet on the ensuing Tuesday to select the district chairmen. Exception is made in the case of the Seventh district, composed entirely of Marion county, where it is provided that the county committeemen, serving also as district committeemen, meet concurrently as county and district committeemen and elect a county and district chairman at the same meeting.

Soon after the meeting of the county chairmen the district chairmen must meet as members of the state central committee and elect a state chairman and other officers. It is customary for the state committee to meet just before the meeting of the state conventions, usually about two weeks after the primary election.

E. M. Wasmuth, of Huntington, chairman of the Republican state committee, will have opposition from Lawrence Lyons, of Brook, director of the state highway department.

### POOR SHOWING BY ROPER

New York, Jan. 24—Captain Bob Roper, Chicago heavy weight is several thousand miles further away from a bout with Jack Dempsey than he was before he got into the ring here Monday night. Paul Sampson outweighed 12 pounds, kept the army mauler on the hop for fifteen rounds. Roper received the decision but a quick knockout was the least that was expected.

### BASKETBALL PLAYER ILL

Miss Lavoine Gardner, daughter of Mr. and Mrs. Glen Gardner, living southwest of Rushville, is ill with bronchial pneumonia. She is believed to have contracted the illness after playing basketball at the Webb school by becoming overheated.

### KEWPIE GETS DECISION

Mobile, Jan. 24—Kewpie Evens, of New Haven was given the decision over Dick Bates, of Mobile last night at the end of their round. The men are light weights.

### CHARRED BODIES FOUND

Waukesha, Wis., Jan. 24—The charred bodies of Jos. Schreihands, 50, well known Waukesha county farmer and Mrs. Mary Schreihands, 54, his mother, were found in the smouldering ruins of their home near Corners today.

# SOME SMILES

## CONFIDENCE

"After the lecture the speaker will stay for a few minutes and answer any question that may be asked of him."

"I wish I had the confidence of that man."

"Why?"

"I've got five small children and I'd like to feel that I could answer any question they put to me."

## He Didn't Linger.

"Haven't I met you somewhere before?" asked the dapper young man who thought he was a perfect devil with the ladies.

"No, you haven't," replied the bench beauty, coolly. "I've never seen you before in all my life, but sit right down and tell me about your papa and mama."

## Preferred Creditors.

"Want to be a musician, do you? Then I advise you to take up either the bagpipes or the violin."

"Why so, father?"

"Because, when there's any paying to be done, I notice it's the piper and the fiddler who are the preferred creditors."

## The Majority Had It.

The manager of the apartment house received a call one morning from an irate top-floor tenant.

"The roof leaks!" cried the top-floor man.

"Roof-leaks? Nonsense!" retorted the manager. "None of the people in the other flats say so."—Harper's Weekly.

## The Garrulous Sex.

He—Women always have to monopolize the conversation. A woman can't sit still and listen for one full minute.

She—Oh, indeed! Suppose the other party to the conversation were making a proposal of marriage?

He—Not even then. She'd say 'yes' before he'd spoken a minute.

## IDENTIFIED

1st Gas Man: I just went into a house and the woman thought that I was a robber and she threw up her hands.

2nd Gas Man: Well I guess it straightened things out when you told her you were the gas man.

1st Gas Man: Naw! She kept her hands up and told me where I could find the meter.

## Yes! Yes!

A man I know kicked up a row that stirred the neighbor's wrath. He walked up to a lady cow and shyly pinched its calf.

## Sizing Him Up.

Freshman—I want to get a suit of clothes.

Tailor—What do you want, the custom or ready-made?

Freshman—Which is the custom?

Tailor—The ready-made.

## PURDUE TAKES ONE

Chicago, Jan. 24—Purdue University basketball team defeated Northwestern, 32 to 19 here Monday night.

# 10% Discount for This Week Only THE MASCOT

COMBINATION RANGE surpasses other ranges in another important particular. Years of study by experts have perfected a gas oven that is incomparably more EFFICIENT than any ever before devised.

In the MASCOT Combination Ranges, where coal or wood is used the heat still goes all around the oven, so in the Mascot combination the makers have fully realized their ambition to make a range that would be the last word in efficiency in the use of gas, coal or wood. Our years of study and experiment with the Mascot Range truly resulted in the greatest achievement known in the manufacture of ranges.

The Mascot Combination is ready for the use of either gas, coal or wood or ALL at the same time. When gas is used as a fuel it is ready for use when you turn on the gas.

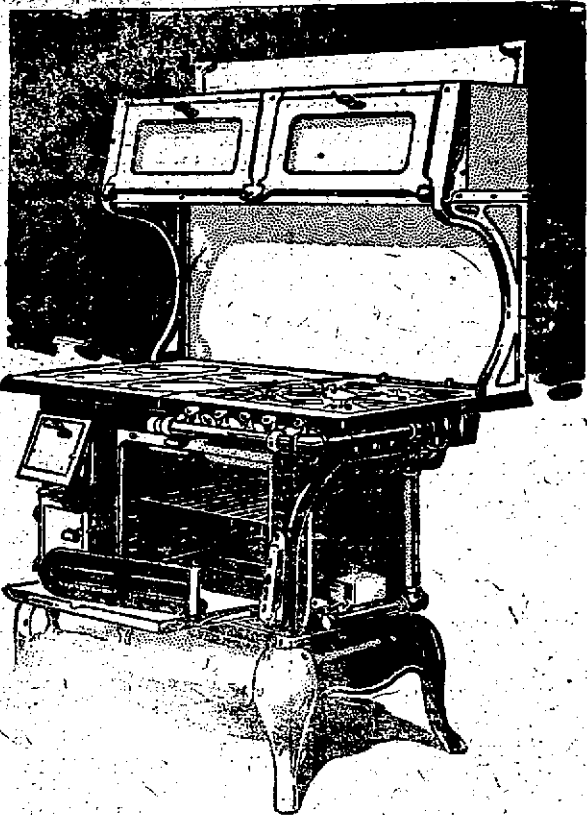

No dampers or triggers, no cold spots in oven when using coal or wood. See the air in-take on the range. When you turn on the gas you open the air in-take and when you turn off the gas you close the air in-take.

CALL AND SEE THE RANGE AND GET OUR PRICES

## FORMER SINGING CLASS LEADER DIES

Stephen Dungan, Age 48, Who Organized First Diapason Singers Here, Expires in California

### WAS BELOVED BY MANY HERE

His Custom to Attend Annual Reunions in Rush County Until Blindness Prevented

Stephen W. Dungan, age eighty-four years, a retired farmer of Johnson county and well known among the older people of Rush county because of his activities many years ago as a music teacher here, died at the home of his daughter in Pasadena, Calif., Sunday, according to word received here.

For many years Mr. Dungan never missed attending the annual reunion of the Diapason singing class in Rushville, but after the death of his wife in 1915, following which he became totally blind, he did not get about much and his visits here were not as frequent as they had formerly been. His blindness was attributed by physicians to grief over the death of Mrs. Dungan.

It has been the custom to invite Mr. Dungan each year to the Diapason reunion and his answer, which has always been read at meetings, has been one of the pleasant recollections of the past.

Mr. Dungan was an organizer of the Indiana Wool Growers' Association in 1880, and was secretary of the organization many years. He also was a member of the state board of agriculture, and served on the committee which, about thirty years ago, selected the state fair ground site.

Mr. Dungan was born on a farm near Franklin in 1837. His parents sent him to study music at Chicago, and on his return he became a singing instructor, and had many pupils in private and public schools in Rush, Shelby, Marion, Bartholomew and Johnston counties.

Mr. Dungan enlisted in the 7th Indiana regiment at the outbreak of the civil war. He became a first lieutenant.

After the war, Mr. Dungan took up farming. He was interested particularly in stock raising, and was said to have possessed the first herd of pure-bred Holstein cows in Indiana. In 1865 he married Miss Martha Jane Porterfield, of Shelby county.

About a year ago, Mr. Dungan

went to California to live with his daughter, Mrs. E. M. Williams. His son, Samuel O. Dungan, of Indianapolis, visited him in California several weeks ago.

Mr. Dungan leaves another daughter, Mrs. John S. Williams, of Indianapolis; another son, Charles A. Dungan, of Franklin; a brother, J. M. Dungan, of Indianapolis, and a sister, Mrs. T. B. Wood, of Franklin.

Mr. Dungan was a member of the Loyal Legion and the Masons. He took his Masonic degree when he was seventy. The entire membership of Mystic Tie Lodge going in a body to Franklin to confer the degree. He was a member of the Pleasant Hill Methodist Protestant church in Johnson county about seventy years. Four years ago this church was

## Laughing In His Sleeve

"I was told nothing but an operation would help my stomach trouble, and was getting ready for the operation when a friend, advised me to try Mayr's Wonderful Remedy. The first dose helped me. I am now as well as ever in my life, and am laughing up my sleeve at the doctors". It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For Sale at Druggists Everywhere.—Advertisement.

Scratch Pads for Sale. The Daily Republican Office.

merged into the Harrison Community Congregational church.

Funeral services will be held at the Harrison Community church Sunday afternoon at 2 o'clock. The body is expected to arrive from California Saturday.

# SOCIETY

Edited By Miss Edna Krammes  
Phone 1111

The Yomo club will meet with Mrs. Amos Baxter at her home in West Seventh street Thursday afternoon.

Mrs. Ray Compton entertained a number of guests Monday evening at her home in West Fourth street with a delicious pitch-in supper.

Mrs. Sarah Palmer of West Tenth street entertained at dinner Sunday Mrs. Alex Bowie of Colorado, Mr. and Mrs. Millard Palmer, Mrs. Elizabeth Warfield of Indianapolis and Howard Robbins of New York.

Mrs. Ione Churchill and Mrs. Minnie Abercrombie were hostesses to the members of the Wi-Hub club Monday evening when they entertained with a delicious 6:30 o'clock dinner party. The evening following the repast was enjoyed socially with charades.

The Monday Circle met Monday afternoon at the home of Mrs. Louis Lambert in East Seventh street. During the business session the following officers were elected: President, Mrs. Edith Beale; vice-president, Mrs. B. F. Miller; second vice-president, Mrs. T. M. Green; secretary, Mrs. George Davis; assistant secretary-treasurer, Mrs. John P. Frazee, Jr. The program committee is Miss Anna Mullin, Mrs. Maude Green and Mrs. Edith Brown. Mrs. Sallie Parsons gave a very interesting book review on Edwin Fox.

Friends and neighbors of John Crayton who is leaving the farm, delightfully surprised him with a pitch-in supper at his home northeast of Falmouth Saturday evening. Music, games and a social time was enjoyed until a late hour. The guests were Mr. and Mrs. John W. Kelly, Mr. and Mrs. Herschel Rhodes, Mr. and Mrs. Frank McCrory, Mr. and Mrs. Byron Biddinger, John Boring and family, Will Groves and family, Mr. and Mrs. John Stevens, Will Richardson and family, Quince Geise and family, John Darnell and family, Mr. and Mrs. James George, Noble Biddinger, Muri Cummins and family, Mr. and Mrs. C. L. Canady, John Biddinger and Fred Cummins and family.

## WHAT ONE DOLLAR WILL BUY TOMORROW

### —AT— MAUZY'S

#### Old Fashioned CLEARANCE SALE

#### Ladies' Tailored Suits

The first three days of the sale have demonstrated that our offerings in suits are most welcome to the trade, and many have profited. Choosing is not yet restricted and there are dozens of beautiful models, fur trimmed, highly ornamented, or strictly tailored. Sizes 16 to 47. Values \$25.00 to \$100.00

**\$9.95, gradually to \$39.95**

#### FURS

This is real fur weather and the offerings available are most unusual. Fur coats, fur scarfs, fur stoles, fur capes, and fur chokers are greatly sacrificed. Money spent for good furs is a real investment.

**SEVERAL MUFFS, including Red Fox, Values to \$25.00 \$5.00**

#### SHOES

No section of the store outshines the shoe department in genuine bargains. Get out the large announcement of the sale and look the items over again. Many of them are not even listed. Equally good values are available for men, women, boys and girls.

#### For the School Miss or Teacher

All Wool Norfolk Suits of navy serge, sizes 16 to 20, \$16.50 values **\$9.95**

### MAUZY'S

Up to \$2.00 Silk and Lace Boudoir Caps, 2 for **\$1**

**\$1.50 Sateen Petticoats for \$1**

Casey—Busy, very busy, indade.  
Cassidy—Is it so now?  
Casey—Ay. Shure every time I'm at layzure I have somethin' to do.

**Immune.**  
Larson—This sleeping sickness is a terrible thing.  
Peterson—It won't affect me. I have an alarm clock.—Strix, Stockholm.

## RECEIVES BIDS FOR NATIONAL ROAD PAVING

State Highway Commission to Award Contract For Maximum of 200,000 Barrels of Cement

#### SAME FAVOR CEMENT BOYCOTT

(By United Press)  
Indianapolis, Ind., Jan. 24.—Bids on a specific amount of cement to construct the 66 miles of National Road which remains unpaved were received by the state highway commission today. Specifications provide that the concrete shall be delivered at various points along the National Road.

The bids call for a maximum of 200,000 barrels. The commission explained that while the bids will be for a sufficient amount to construct the entire road of concrete, this does not mean the commission will do this.

There are some proposals that the Indiana commission follow the lead in the group of Illinois, Wisconsin, Iowa, Kansas, Michigan, Missouri, Minnesota and South Dakota highway commissions in refusing to accept any of the bids until prices are reduced.

#### CHOICE OF POPE BETWEEN THREE

Continued from Page One  
may have a determining influence in the coming conclave.

The Paese warns of the possibility that in the conclave of cardinals to meet February 2, there may be found a small but determined element which will hold out for selection of a cardinal not an Italian. The hope of support of Merry Del Val who is a Spaniard would lie in such a movement.

The charge that the Italian government is supporting Maffi also drew sharp denials from the press. The Popolo Romano indignantly rejected the assertion that Premier Boni, of Italy had sent out a secret circular in support of Cardinal Maffi. The paper insists the Italian government would strictly observe a policy of non interference. The reopening of Parliament set for Feb. 2, the same date as the conclave for

selection of a new pope has been postponed.

Decision as to when the actual interment of Pope Benedict will take place will be made by the sacred college late today. The time set may be either tonight or Wednesday night.

The state of preservation of the body might justify waiting another 24 hours, it is believed.

The body lay in St. Peters today and thousands continued to come to intone prayers for the dead and do homage to the late pope.

The choir of the chapel of St. Peters at 9 o'clock this morning sung mass about the catafalque of the dead Pope.

Custom calls for repetition of this ceremony for nine days with the final eulogy of the late Pope delivered in Latin on the ninth day by a prelate previously chosen. After that the cardinals take up their residence in the Vatican to choose a new Pope.

Despite rain three hundred thousand persons are estimated to have viewed the body of the late Pope. It is expected a half million may pass it today. Music at the mass today was under direction of Maestro Boezi. The entire chapter of St. Peter and all seminarians attended.

The Pope's body will be laid to rest between the tomb of the late Queen Christiana of Sweden and that of Pope Pius X.

#### VOLCANO UNDER FARM CONFERENCE

Continued from Page One  
erision of grain exchanges but without avail. The agricultural bloc enacted both."

A powerful progressive group is now threatening insurgency in the conference unless the assembly goes on record emphatically in favor of what it believes is the only program that will aid the farmer. The program follows:

- 1—Financial relief even if the government must extend credits totalling a billion dollars or more.
- 2—Twenty-five percent reduction in freight rates.
- 3—Insurance of the farmers against loss.
- 4—Cooperative marketing and buying.

This in substance was the program drafted at an executive meeting of the National Farmers Union. In attendance at this session were

Charles S. Marrett, Union City, Ga., president of the organization; C. J. Osborn, of the Farmers Union of Nebraska; Milo Reno, Farmer's Union of Iowa; A. C. Davis, Farmer's Union of Arkansas, and W. C. Lansdown, Farmers' Union of Kansas.

Three addresses were made at the opening session. Eugene Meyer, Jr., head of the war finance corporation talked on the financial emergency in agriculture; G. F. Warren, Itabaca, N. Y. discussed the European situation as it related to American agriculture and Wesley Mitchell, New York City, "The Financial Policy in Its Relation to Price Levels."

Meyer said the War Finance corporation has been of immeasurable aid to agriculture through the extension of loans of scores of millions of dollars to help tide over the cotton growers, livestock raisers and foodstuffs farmers.

A more orderly marketing process whereby the crops may be disposed of over a 12 months period is the chief requirement, Meyer said. Ordinarily the crops are thrown on the market shortly after harvesting, causing a glut with consequently lower prices, he said.

Meyer sounded a note of optimism when he said that while conditions still are bad agriculture is on the mend. The U. S. has every fundamental necessity to the restoration of prosperity, he said.

"What is most needed now is the adjustment of our resources and our organization to the new conditions," Meyer said.

#### BATTLES LANDLORD

Chicago, Jan. 24.—James Cusak, farmer near Blue Island, Ill., was under arrest today following a battle in which John Parset, Cusak's landlord, attempted to evict him. Mrs. Jeannette Parset, the landlord's wife, was shot and killed in the fray. Cusak told police he took a revolver away from Parset and shot Mrs. Parset when the latter attacked him with a butcher knife.

#### TO ESCAPE JAIL

Chicago, Jan. 24.—Nine members, officials of the 1920 Chicago board of education prepared to appeal to the Illinois supreme court today in an effort to escape paying fines and serving jail terms.

Do you know that about a year ago a 30x3 1/2 GOODYEAR Casing Cost \$21.50

Today that same \$21.50 will buy

1-30x3 1/2 Goodyear Casing	\$10.95
1-30x3 1/2 Goodyear Tube	2.25
1-Blow-Out Patch	.50
1-Box Valve Insides	.40
1-Roll Tire Tape	.05
5-Gallon Silver Flash Gasoline	1.35
1-Gallon Mobiloil Oil	1.00
5-Pounds Can Grease	1.00
1-Can Corajah Tube Patch	1.00
1-Can Liquid X Rad. Cement	.75
1-Champion Plug	.75
1-Pair Sunlight Lens	1.50

\$21.50

This Goodyear Casing is selling for less money than it has ever sold for before, and is a better tire than ever. Why not use this high quality tire when it can be had at this low price?

Other sizes cost in proportion.

Mr. and Mrs. Glen Miller will move to the country soon.

Amos Gates who has been ill, is greatly improved.

Roy Beckner of Arlington was visiting friends here Saturday.

## ASK FARM OWNERS TO MOVE FENCE LINES

Director Lyons Seeks Cooperation With the State Highway Commission For Wider Roads

### DESIRES 50 FOOT DISTANCE

(By United Press)

Indianapolis, Ind., Jan. 24.—Property owners having land fronting on state highways were asked again to co-operate with the state highway commission today by moving back their property line fences for wider roads in letters sent out by Director Lawrence Lyons.

Alvan V. Bureh, of Evansville, vice-chairman of the commission, said the commission desires a 50-foot distance from fence to fence on state roads.

Many farmers are complying with a previous request of the commission, but according to Bureh there are some on Vanderburgh county who are not speeding up the work as the commission desires. Those who hesitate Bureh said do not realize the benefit they receive from a state highway passing their property nor do they realize the danger from heavy traffic on narrow highways.

### Obituary

Mrs. Lucretia Pettis widow of the late Adam Pettis departed this life Jan. 18th, 1922 at the age of 74 years, 11 months, 17 days. She was born in Ripley county, Jan. 31, 1847. She was the mother of three children two of whom with the husband have preceded her to that better land. She leaves one son, three grand children, one sister, one brother and two step-daughters and a host of friends and relatives to mourn her loss. Having accepted Christ as her Savior many years ago and kept the faith until the end. She manifested to us the Spirit of our Savior in the love and patience that was hers in her long illness.

We know she will be sadly missed by those who so faithfully cared for her but as they journey along the pathway of life may they find comfort in the thought that she is on that other shore watching and waiting for them in that land where there be no more parting, but Peace and Love through all Eternity.

## SULPHUR CLEARS ROUGH, RED SKIN

Face, Neck and Arms Easily Made Smooth, Says Specialist

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation begins at once to soothe irritated skin and heal eruptions such as rash, pimples and ring worm.

It seldom fails to remove the torment and disfigurement, and you do not have to wait for relief from embarrassment. Improvement quickly shows. Sufferers from skin trouble should obtain a small jar of Mentho-Sulphur from any good druggist and use it like cold cream.

## MANY APPLY FOR SEED CORN TEST

Indications Point to Wide Interest in  
Testing Seed Corn When County  
Plant Opens

WOULD LESSEN EAR ROT

Arrangements May be Made for Far-  
mers to do Their Testing at Home  
It is Stated

The way applications for seed corn testing have been coming into the county agent's office during the past week indicates a wide interest in this work and that farmers are concerned about the prevalence of the deplorable ear rot in the past corn crop, and are anxious to cut down the infection. The fact that the majority of the men who have applied for the work so far are ones that had seed tested last year and the year before is a recommendation of seed corn testing and a testimonial that these farmers have found that it pays to test.

It will no doubt be necessary, on account of the large number of applications that are anticipated, to limit the number of bushels tested for one farmer and even then the county agent fears that the plant will not be able to take care of the demand. In anticipation of this condition, the office is making arrangements to give farmers all possible assistance in making tests at home. The county agent is in Indianapolis today making arrangements for obtaining paper suitable for this work, which will be distributed to farmers who can arrange to do their own testing.

In the past the county agent has assisted farmers in the matter of reading their tests and he announces that he will be glad to give the same service again this year. If the farmer will bring in a number of the dolls, the agent will read them with the farmer and point out the disease indications that should be noted.

In order to cut down the expenses of operating the seed corn testing plant this year farmers who have seed tested are asked to examine it closely before bringing it to the office, as in the past many ears were brought in that should have been eliminated by physical inspection. It is recommended that a few grains be pulled from the tips and butts for examination, as the disease indications are usually more noticeable in these portions of the ear.

The county agent's office is ready to receive applications for seed testing now and farmers interested are urged to get their names in at the earliest possible date. The county agent requests that no corn be brought in until the farmer is notified.

## CERTIFIED POTATOES WILL INCREASE YIELD

Selected Seed Can be Obtained by  
Farmers Which Would Insure Bet-  
ter Crop Production

### GOOD RESULTS ARE CITED

If Rush County farmers fail to take advantage of the fact that selected certified seed potatoes, of Ohio and Cobblers for early planting and Rurals for late planting, can be obtained laid down in the county at about the same prices that common stock can be obtained for, they are losing an opportunity to increase the yield by 50 per cent or more.

In demonstrations over the state this certified selected seed, along with good cultural methods has increased the yield as much as 174

## ANNUAL ROAD SCHOOL IN SESSION THIS WEEK

Surveyors, Highway Superintendent  
and Others, Hold Eighth Annual  
Meeting at Purdue

### BIG PROGRAM IS ARRANGED

(By United Press)

Lafayette, Ind., Jan. 25.—County surveyors, highway superintendents, road contractors, engineers, city and county street commissioners, more than 200 strong, from throughout Indiana, gathered here Monday to attend the opening of the eighth annual road school at Purdue University. These men will spend a week making an intensive study of highway construction, maintenance, and other road problems and getting the latest information from road

building experts throughout the country.

The program opened with an address of welcome by Dean A. A. Potter and Prof. R. S. Wiley, of Purdue, and responses by Lawrence Lyons, director of the state highway commission; David C. Sheetz, F. Fowley, president of the highway superintendents' association; J. P. Johnson, president of the county surveyors' association; and A. M. Fudge, treasurer of the city street commissioners' association.

H. K. Bishop, chief of the division of construction of the United States Bureau of Public Roads, spoke on the relationship of the federal government to the states in the road building programs. C. Gray, chief engineer of construction of the Indiana Highway Commission, then spoke on the road program for Indiana this year, and told of the policies to be pursued.

The program will continue throughout the week with topics of every description of interest to the road men.

## STATE SEED LAW IS MADE CLEARER

Confusion Arises Concerning New  
Law Governing The Testing of  
Seed Placed For Sale

### MUST BE PROPERLY TAGGED

Merchant or Seller is Responsible  
for Germination and Other Seed  
Governing Conditions

Considerable confusion regarding the new state seed law which went into effect Jan. 1 has arisen throughout Indiana, and the seed laboratory at Purdue University has been "covered-up" with hundreds of samples received for testing, really doing much of the work which should be undertaken by the seed merchants. E. G. Proulx, state seed commissioner had issued a statement calling attention of the farmers and seedsmen to the provisions of the law.

It requires that when seed is sold for planting, in lots of one pound or more, the merchant or seller must have a tag or label for it, similar to those attached to fertilizers and feeds, giving the germination, percent of noxious weed seed, etc. The seed merchant and not the seed commissioner is responsible for the correctness of the statement on the tag, as many of the big and small seed houses have apparently thought by sending in all samples for testing.

"Unfortunately, not over one percent of Indiana seed merchants test their seed. All seedsmen worthy of the name should be able to test the majority of their seed," said Mr. Proulx. "The Purdue seed laboratory as an accommodation is testing all these samples sent in by growers and seed merchants, but not in excess of three samples for any one month for any seedman. So many samples are received that it is physically impossible to test and report all these analyses promptly. Seed merchants, wishing to comply with the law, must test their own seed wherever possible. The Indiana law does not prohibit the sale of poor seed. It only requires that the tag on this seed state what it is. Intelligent buying soon will eliminate poor seed."

Farmers who sell their seed direct to other farmers making the sale on their own premises are not required to label their seed unless they have advertised it by circular letter or in newspapers, or ship it by a common carrier. However, if it has been advertised in ways other than by word or mouth or signs at the farm, it too must be labeled.

The best way to head off a hog is with a bucket of good milk. Same way with us folks.

Get your name in our pot early!

## MORGAN IS DESIRABLE HORSE

Steady Increase in Weight and Height of Animals Maintained at Government Stud.

(Prepared by the United States Department of Agriculture.)

There has been a steady increase in the weights and heights of the horses maintained in the stud at the United States Morgan horse farm at Middlebury, Vt., says a recent department circular No. 189, "Breeding Morgan Horses at the United States Morgan Horse Farm." In 1911 the average height of mature stallions was 14.3 hands and of mature mares 14.24 hands. By 1916 these figures had been raised to 15 and 14.8, respectively, and by this year to 15 1/2 and 14.3 1/2.

The average weight of mature stallions in 1911 was 1,025 pounds; in 1916, 1,040 pounds; and in 1921 it had been increased to 1,200. During the same period the weights of mares went from 1,025 to 1,049 to 1,003 pounds.

At the same time, however, the other qualities received just as much consideration as size. A frequent objection raised against the Morgan has been that it is too small, but the steady improvement in scale and weight is making the modern Morgan a handy and desirable horse for use on farms, as pleasure saddle horses, for police mounts, and for cavalry purposes. It has good speed and exceptional endurance.

The government farm at Middlebury was established to insure preservation of the famous American breed, and the stock at the farm is a fountainhead where good blood will always be available. The circular just mentioned contains information concerning foundation animals, the story of the movement to conserve the breed, methods of breeding and management, show-ring records and the records made by Morgans in endurance contests held in recent years.

Since the early days of the breed up to the present time the Morgan has repeatedly demonstrated his endurance, one of the most desirable qualities in any horse, particularly a light horse. In this publication attention is called to the great reputation made by

The Morgan Stallion Scotland, Weight 1,150 Pounds; Height 15 Hands 2 Inches, Is a Good Specimen of the Modern, Larger Morgan.

the First Vermont cavalry in the Civil war. This regiment was mounted on Morgan horses, and official reports made to the War department stated that the horses stood the hardships of the campaigns better than any others. Also, their short, strong legs, round, full-muscled bodies, and beautiful heads called forth universal admiration.

The Morgan still has the endurance. Castor, a Morgan gelding bred by the United States Morgan horse farm, made the second best time in the 300-mile endurance contest in 1919. He carried 200 pounds and made the trip in 51 hours and 18 minutes. The next year he carried 245 pounds and finished in 58 hours and 40 minutes, taking seventh place. In the contest for 1921 he was fourth out of 17 entries, carrying 245 pounds and making the 300 miles in 51 hours and 38 minutes.

This circular, which is well illustrated with halftone reproductions of beautiful Morgans, may be obtained free by addressing the Department of Agriculture, Washington.

## County Agent's Creed

(By W. A. LLOYD)

I love the big out-of-doors; the smell of the soil; the touch of the sun; the smile of the sun; the kiss of the wind; the song of the birds and the laughter of the summer breezes in the trees.

I love the growing crops; the rustle of the corn; the golden billow of the ripening wheat; the fleecy cotton bursting from the boll; the musky odor of the ripening fruit and the shimmer of the grass that is blue.

I love God's creatures great and small that minister to man's needs; the friendship of the horse; the confidence of the sheep; the gentleness of the cow and the contented confidence of the fattening swine. These represent the response of service to kindness and care.

Because I love these things—I believe in the open country and the

# EDEN

## Help wanted!

The men of America don't have to do the washing—but if they did, they would be as tired of needless laundry toil as American women are.

*The Edén*

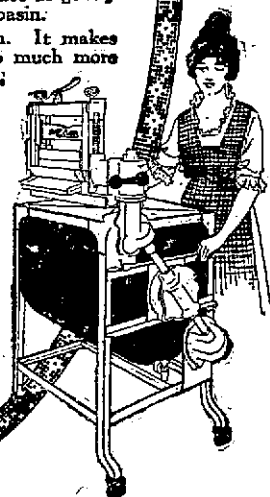

substitutes electric-power for man- or woman-power in the home. It substitutes science for backache. It cleans everything—blankets, linens, all clothes—by dipping them up and down through hot suds a countless number of times as gently as a woman dips a bit of lace in a basin.

There's no rubbing with an Edén. It makes everything wear enough longer to much more than save its cost. It saves time, labor, hard work and wages.

### Try an Edén at home free

Ask us for free demonstration without obligation or expense. If you want to buy an Edén after trying one—you can pay for it the same easy time-payment way that Liberty Bonds were bought.

Phone, write or visit us today.

# STARTS PROBE OF MANSFIELD FUND

Testimony Begins on "\$250,000 Slush Fund" Committee Before Senatorial Investigators

FOE TO GRAIN ASSOCIATION

Money Was Raised to Combat Efforts Instigated by Grain Growers to Aid The Farmers

Washington, D. C., Jan. 24—Testimony on the activities of the special executive committee of the Grain Dealers National Association, better known as the "Mansfield" or "\$250,000 Slush Fund" committee, is being heard today by a sub-committee of the senate committee on agriculture composed of Senators H. W. Keyes of New Hampshire, E. D.

Smith of South Carolina and Dr. E. F. Ladd of North Dakota. The resolution asking for a federal investigation of the purposes and activities of the committee was introduced by Senator W. S. Kenyon of Iowa on July 12. James E. Black, statistician for the U. S. Grain Growers, formerly in charge of investigational work for the Federal Trade Commission, prepared the evidence collected by the U. S. Grain Growers and is present to represent the interests of the company. C. H. Gustafson, president of the farmers company, who is in Washington for the agricultural conference, may be called before the committee to make a statement.

The "Special Executive Committee" was formed at a meeting called by the organized grain trade and held at Cincinnati, O., on June 27 of last year. The committee was empowered to raise a fund of \$250,000 "to combat the activities" of the U. S. Grain Growers, Inc. R. I. Mansfield of Toledo was appointed chairman and an office was opened in Chicago. An effort was made to attach the stigma of socialism to

the Grain Growers organization and to stamp it as a national non-partisan league movement. Advertisements, public speakers and newspaper articles were furnished to allies in the committee's fight against the farmers organization. Mansfield and his committee succeeded in arousing hundreds of farmers to insist upon being given an immediate opportunity to join the ranks of the U. S. Grain Growers, declaring that the type of opposition offered was the best possible endorsement of the farmers company. After discrediting himself before his own organization, who did not relish the impending senate investigation, Mansfield told the grain dealers' national convention in October that he had successfully opposed the organization of the Grain Growers.

When the grain dealers' convention enthusiastically voted for Mansfield to proceed with his good work, providing he financed himself he announced that there was no longer any reason to continue the campaign and closed the Chicago office. Activities since that time,

awaiting the senate probe, have been of a minor character and conducted through third parties who cannot be directly connected with the "Slush Fund" committee.

## CERTIFIED POTATOES WILL INCREASE YIELD

Continued from Page One bushels per acre. Last year 260 club boys averaged 155 bushels per acre. This year 313 boys averaged better than 100 bu. or more than twice the average farm yield.

Selected Ohio, Cobblers and Rurals can be laid down in Rush county at about the price that farmers will pay for common seed stocks. Seed can be obtained now for spring delivery, laid down in this county for around \$2.00 per bushel.

Farmers will do well to look to this seed stock now as selected seed will be scarcer in the spring and prices likely will be higher.

### Fat on Brood Sow.

A brood sow ought to put on some weight and fat during the winter, but not an excessive amount, so that she is exceedingly heavy or overburdened with weight.

## CROP VALUES LOSE IN PAST TWO YEARS

Per Acre Loss of Nine-Tenths of the Crops Dropped From \$35.76 to \$14.48 in 1919-21

### COMPARISON WITH CIVIL WAR

The average value per acre of 10 crops constituting nine-tenths of all crop production dropped from \$35.76 to \$14.48, or 60 percent, during the two years 1919-21 announced the United States Department of Agriculture to-day. This decline is unparalleled within the scope of records of the department dating back to 1866.

During the years immediately following the Civil War the general trend of the average was downward, dropping from about \$14 or \$15 per acre to less than \$8 by 1896, the lowest point in the industrial depression of that time. An advance then set in and by 1913 the average val-

ue was \$16.49. The following year there was a slight decline to \$16.44 caused by the low price of cotton, but in 1916, the year before the United States entered the World War, the average advanced to \$22.58, or \$6.14 in two years.

By far the greatest gain in one year in average value per acre for 10 crops was \$10.69 from 1916 to 1917, the average for the latter year being \$33.25. The average continued to rise and in 1919 reached the peak of \$35.76. A decline then set in, the average dropping \$21.28 per acre, or 60 percent, in the two years that followed.

### MANY APPLY FOR SEED CORN TEST

Continued from Page One fied, because the office is crowded for space and can not take care of a large quantity of corn at a time. This request is also made so that there will be less danger of getting corn from different farmers mixed and also to reduce the risk of mice getting into the seed.
